

THE ŠKODA KAMIQ

ŠKODA
SIMPLY CLEVER

DESIGN THAT LEADS, NOT FOLLOWS

It's got the look: the KAMIQ is the perfect mix of robustness and dynamic shapes defined by the ŠKODA design language. It is the first ŠKODA small SUV.

FRONT VIEW
The KAMIQ features a wide front grille and split headlamps, which give the front a distinctive appearance. The platin grey additions to the front bumper emphasizes the KAMIQ's small SUV character.

SIDE VIEW
Characteristic lines on the sides of the car enhance its dynamics as shaped by ŠKODA's design language. The design is highlighted with SunSet tinted windows, which not only accentuate the attractiveness of the exterior, but also protect rear passengers from glare.

REAR VIEW
With the unmistakable ŠKODA inscription in the back the car proudly declares its family allegiance. The rear bumper includes an integrated diffuser in platin grey, which accentuates the generous ground clearance and gives the rear of the KAMIQ a robust appearance

INNER CONFIDENCE

Inside the KAMIQ you will feel right at home. The interior, which matches the design of the exterior with its self-confidence and total functionality, offers exceptional spaciousness, quality materials including attractive décor and cutting-edge digital technology.

RETRACTABLE MIRRORS

The automatically retractable external side-view mirrors fold in when the car is locked, thus protecting them against damage.

KESY

The car equipped with KESY allows you to lock/unlock your car and start or stop the engine completely key free.

AMBIENT LIGHTING

Make your space more cosy and comfortable with LED ambient lights running along the dashboard.

VIRTUAL COCKPIT

The Virtual Cockpit displays on-board computer specifications in combination with other information such as navigation, for example. You can choose from five layouts (modern view shown) controlled via the 'View' button on the steering wheel. The KAMIQ's Virtual Cockpit features a 10.25" display.

STYLE AND FUNCTIONALITY

The KAMIQ's interior is furnished with quality materials and great craftsmanship.

Thanks to the beautifully shaped and comfortable seats, you will feel fresh even after a long drive.

WIRELESS CONNECTIVITY

KAMIQ FEATURING WIRELESS APPLE CARPLAY®*
Combining our smart car with your smartphone was always going to be a good idea. Wireless Apple CarPlay® seamlessly connects compatible apps from your smartphone to your KAMIQ. So, whether you want to listen to music or receive turn-by-turn directions, you can do it all without touching your phone. Smartphone Connectivity for Android Auto™ is available through cable connection.

Available with optional Tech Pack on the entry level KAMIQ.
*KAMIQ featuring Wireless Apple CarPlay® is compatible for selected apps with the latest smartphone versions of iOS, active data service required. Smartphone connectivity for Android Auto™ is only available through a cable connection (sold separately) and active data service.

WIRELESS CHARGING/USB
The KAMIQ comes with an enlarged phone box which creates an amplified signal for your mobile device, and at the same time, wirelessly charges your phone while driving. This compartment is not only easily accessible, but is also suitable for large display devices. Two USB-C ports located in the centre console allow you to connect your external devices without the need for dongles or adapters.

WE’LL WATCH YOUR BACK

Embark on any adventure with complete confidence. The KAMIQ comes with plenty of assistants supporting your driving skills on the road, helping you with parking and even preventing collisions.

SIDE ASSIST - BLIND SPOT DETECTION*

Using radar sensors in the rear bumper, Side Assist which can detect other vehicles and even less detectable objects like cyclists up to 70 m away, monitors the areas behind and beside your car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

Available with optional Driver Support Pack on the entry level KAMIQ.
*Safety Technologies are designed to assist the driver, but should not be used to substitute for safe driving practices.

REAR TRAFFIC ALERT*

This assistant, which comes as part of the Side Assist system, helps you reverse safely from a parking space during poor visibility. It can even engage the brakes automatically if it detects imminent danger.

Available with optional Driver Support Pack on the entry level KAMIQ.

REAR PARKING SENSORS*

Parking the KAMIQ is easier and safer with the parking sensors integrated in the rear bumper, which check the car's distance from any obstacles.

MANOEUVRE ASSIST*

Using the sensors of the Park Assist, this system offers protection from obstacles within driving distance of the car (at speeds of up to 8 km/h). If an obstacle is detected, based on the distance from the obstacle and the car's speed, the system engages the emergency braking.

FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION*

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The KAMIQ comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

ADAPTIVE CRUISE CONTROL

Using a radar device in the front grille, in addition to its basic cruise control function, this assistant system, which operates up to speeds of 210 km/h, maintains a safe distance from vehicles in front of you.

PARK ASSIST*

Minimise the hassle of parking in tight spots with Park Assist. It automatically selects an appropriate parking spot in a row of parallel or perpendicularly parked vehicles.

Available with optional Driver Support Pack on the entry level KAMIQ.

LANE ASSIST*

Operating at speeds above 65 km/h, this system can help to keep the car in the correct lane.

FROM BIG IDEAS TO THE SMALLEST DETAILS

Think big. Every detail in your car has been designed to make your travelling hassle-free. From loading your luggage, adjusting the interior space and finding room for your belongings.

UMBRELLA STORAGE COMPARTMENT

An ingenious compartment with original ŠKODA umbrella is fitted inside the driver's door. It is designed to let water drain away from the car, keeping the interior dry.

LED FLASHLIGHT

A practical removable LED flashlight can be found on the left side of the luggage compartment. It recharges automatically while the engine is running.

LIQUID RESERVOIR

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

AUTOMATIC TAILGATE

It opens and closes at the mere touch of a button on the remote control or in the driver's door, especially handy in unfavourable weather. You can also adjust the upper door position to suit your needs. A button for closing the 5th door is also located on the door itself.

WHEELS & UPHOLSTERY

18" CRATER alloy wheels
(Standard on KAMIQ)

WELCOME TO CARE-FREE OWNERSHIP

ŠKODA Care is about making sure that same level of attention to detail remains long after you've made your purchase, making owning a ŠKODA as fantastic as buying one.

After getting behind the wheel of a ŠKODA, it's not hard to see why they're so beloved by their owners. Quite simply, ŠKODA vehicles are made to be driven and we want to keep your journey a long and happy one. And the way it works is simple. ŠKODA Australia provides a 5 Year/Unlimited Kilometre Warranty^ on all new vehicles. Every new ŠKODA vehicle includes one year ŠKODA Assist± (Roadside Assistance), from the warranty start date. The roadside assistance will subsequently be renewed on an annual basis for the second, third, fourth and fifth years, if the vehicle is returned to an authorised ŠKODA dealer for scheduled maintenance (as per the ŠKODA service program) up to a maximum of five years.

ŠKODA Service Pricing

Buying a car is one thing, but owning a car is something else entirely. We're sure you'll want to know the costs of any service before you book it in. The cogs in our heads have been turning and we've come up with a solution we think is pretty clever. Our handy online service calculator can help you find the cost of your next service, scheduled to occur every 12 months/15,000 kms (whichever occurs first)*. No hidden expenses, no nasty surprises.

Genuine Parts

You don't have to be a genius (AKA a ŠKODA technician) to know that non-genuine parts aren't as good as using genuine ones. Our philosophy towards fixing your car is simple; the parts we use are identical to the parts used in the production of your car originally. Genuinely. And with a nationwide, two year, unlimited kilometre warranty on all genuine parts, peace of mind comes easily too. Exclusions apply, please visit skoda.com.au.

Service Packs

Why worry about handling the payment of your services on an ad-hoc basis when you already know you need to get them annually? Conveniently, you can save time by pre-paying your servicing with a 3 Year/45 000km (whichever occurs first) or a 5 year/75 000km (whichever occurs first) ŠKODA Service Pack† at any of our ŠKODA dealers. That way you can simply book a service time that suits you, and the costs are already covered. Your car, serviced at your convenience.

Service & Maintenance Subscription Plans

Say goodbye to unwelcome surprises. By signing up for the ŠKODA Service and Maintenance Monthly Subscription Plan, you're covered for all standard scheduled services as well as your maintenance repairs*. Even better, all your service and maintenance requirements are pre-approved* – quotes are a thing of the past. Simply select the option that suits your drive style, and sign up at your local dealer today so that you can have real peace of mind knowing that the work is carried out by SKODA technicians – factory trained to ensure your SKODA gets the right treatment.

^Conditions and exclusions apply, see www.skoda.com.au/owners/warranty. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under the Australian Consumer Law and do not limit or replace them.
±ŠKODA Assist (roadside assistance) is provided by AWP Australia Pty Ltd ABN 52 097 227 177 trading as Allianz Global Assistance, under an arrangement with Volkswagen Group Australia Pty Limited ABN 14 093 117 876. Conditions and exclusions apply, see www.skoda.com.au/owners/roadside-assistance. *ŠKODA Service Pricing applies to the first 6 standard scheduled services of your vehicle which are scheduled to occur at every 15,000 km/12 month interval (whichever occurs first). On or before 31 December each year, ŠKODA will publish the maximum price for a specified Scheduled Service that will be applicable from, and remain fixed for, the following calendar year only. For details on pricing, items not included in the Service Price and for full terms and conditions please see www.skoda.com.au/skoda-care/service-pricing. †ŠKODA Service Pack are available at ŠKODA Dealers for all models and covers standard items as contained in each scheduled service interval only. Discount structure varies by model. For details of what is not included in a scheduled service, please refer to the program terms and conditions available here: www.skoda.com.au/skoda-care.

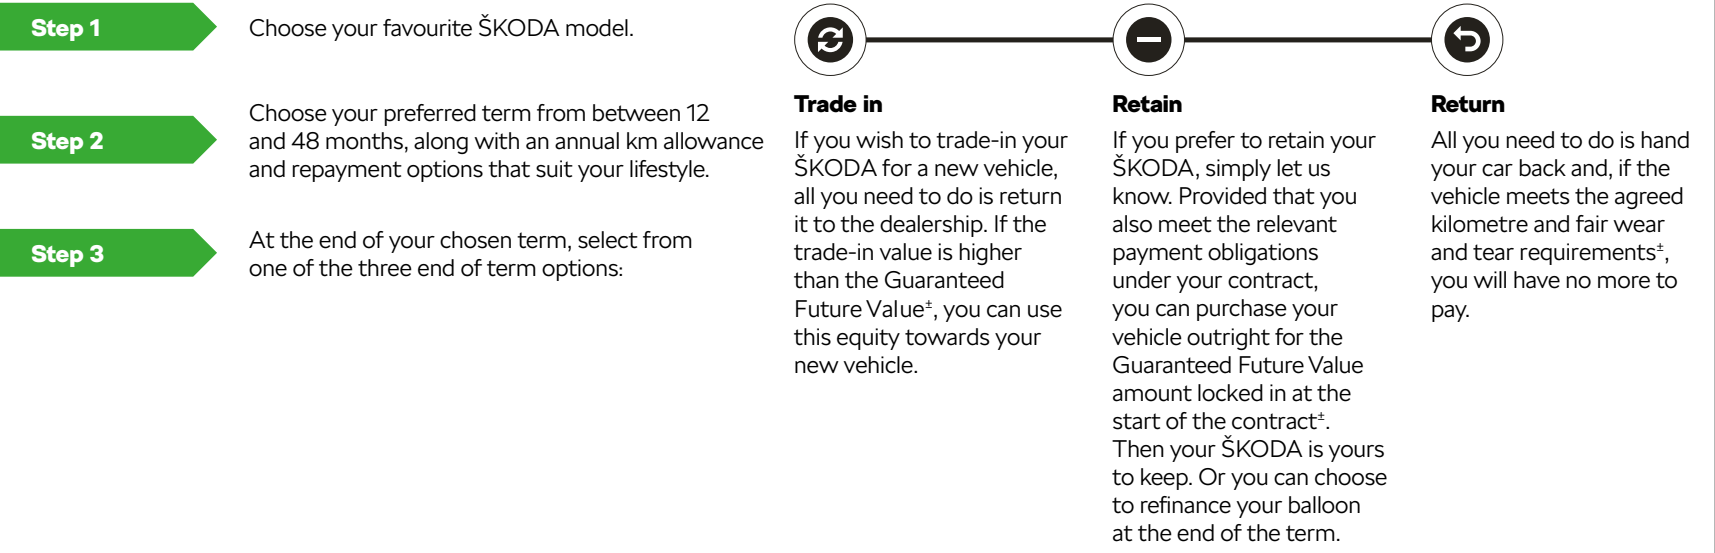

REMOVE ANY DOUBT WITH ŠKODA CHOICE.

ŠKODA Choice± is a flexible finance program that allows you to guarantee your vehicle's minimum future value± at the time of purchase, giving you peace of mind knowing the value of your ŠKODA is secured.

- ✓ Freedom to tailor your contract term and kilometre allowance to suit your lifestyle.
- ✓ Fixed interest rate for the life of your Loan with no account keeping fees.
- ✓ At the end of your ŠKODA Choice contract you can select from three simply clever options – trade-in, retain or return.
- ✓ Opportunity to upgrade your ŠKODA more often, enjoying the latest model with the best innovations and technology.

HOW IT WORKS

For more information on our Guaranteed Future Value program, visit <https://www.skoda.com.au/finance/skoda-choice>

±ŠKODA Choice consists of an option to return your vehicle to ŠKODA Financial Services (SFS) ABN 20 097 071 460, Australian Credit Licence 389344, at the end of the term and requires SFS to purchase the vehicle at an agreed price determined by SFS, known as the Guaranteed Future Value (GFV). At the end of the term, you can elect to: (1) trade-in; (2) return; or (3) retain the vehicle by paying the GFV, which is a lump sum owed to SFS at the end of the loan term after all repayments have been made. You will be liable for any loan contract deficit and additional charges if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition. Available on new and demonstrator ŠKODA vehicles for selected models. Contact your nearest ŠKODA dealer to verify eligible vehicles for this program. Fleet, government, rental buyers, hire car and chauffeur companies excluded.
